Why Sponsor Us?

We extend our heartfelt appreciation to all our generous sponsors, whose support ranges from Fortune 100 companies to small local businesses. Their contributions enable us to achieve all that we do.

Now with so many different student lead organizations, companies choose to sponsor us for 3 main reasons:

Supporting the NSBE Mission

By sponsoring NSBE, companies demonstrate their commitment to promoting diversity and inclusion in the engineering field. This support helps NSBE in its mission to increase the number of culturally responsible Black engineers who excel academically, succeed professionally, and positively impact the community.

Access to Top Engineering Talent

Sponsorship provides companies with direct access to a pool of 40+ highly motivated and skilled engineering students. This connection facilitates recruitment efforts, offering opportunities to identify and engage with potential future employees—resulting in 10+ full-time offers and 25+ internships secured by our members last school year.

Community Involvement & Engagement

Supporting the Ulowa NSBE chapter, events like Black Girls Do Science, highlights the company's commitment to engaging with and uplifting the community. This involvement underscores the company's dedication to social responsibility and strengthens connections through meaningful community initiatives.

Excellence. Exposure. Community.
Empathy. Leadership.

Year Long Schedule

September

ENGINEERING CLUB FAIR

A start-of-the-year event designed to expose new and current students to various engineering clubs and opportunities at the college, helping students engage and build a community within the engineering field.

October

BLITZ WEEK

A week-long series of events sponsored by employers, including resume and LinkedIn reviews, elevator pitch workshops, and mock interviews, helping students prepare for the engineering career fair.

November

Fall Regional Conference

The NSBE enthusiasm is an undeniable force at the Northeastern Region's annual fall meeting, with its highly anticipated career fair, informative workshops, and more intense academic competitions.

February

Black History Month

A month-long celebration honoring the rich heritage and contributions of Black individuals. This includes a variety of events such as panel discussions, cultural showcases, and community service programs.

March

NSBE Annual Convention (National)

The premier NSBE event of the year, bringing together over 10,000+ NSBE professionals from all across the nation to collaborate, network, learn, and compete.

April

Black Girls do Science

A local NSBE event designed to inspire young girls in the realm of science. Featuring insightful talks and interactive sessions empowered by sponsors, It aims to ignite passion and exploration in STEM, empowering future leaders in the field.
